

# ALKAATUFF HOLD CLEAN

Part No. RXSOL-22-3032-210 — Generated 24 Sep 2026

## 1. Product and Company Identification

[www.rxmarine.com](http://www.rxmarine.com)

Product Name : **RXSOL-22-3033-210 AQUA TUFF SHIP HOLD CLEANER**

Product Type : ALKAATUFF HOLD CLEANING ALKALINE DETERGENT

### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

Stock Point : Kolkata, Mumbai, Chennai, Kandla, Visakhapatnam, Fujairah - Dubai, Muscat, Nairobi

Phone : +91 22 27815540 / 41 / 42

Fax : +91 22 2781 1318 ::AOH :0091 9821214367

Email : [mail@rxmarine.com](mailto:mail@rxmarine.com)

## 2. Composition / Information on ingredients

[www.rxmarine.com](http://www.rxmarine.com)

| Chemical Name              | Concentration | CAS Number | EC Number |
|----------------------------|---------------|------------|-----------|
| Potassium hydroxide        | 10-15%        | 1310-58-3  | 215-181-3 |
| 2-butoxy ethanol           | 1-5%          | 111-76-2   | 203-905-0 |
| Fatty alcohol ethoxylate   | 5-10%         | 34398-01-1 | 500-084-3 |
| Non classified ingredients | 60-70         |            |           |

## 3. Hazards Identification

[www.rxmarine.com](http://www.rxmarine.com)

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Odour             | Odourless                                               |
| Appearance        | Liquid, colourless , soluble in water                   |
| Contact with eyes | Corrosive to eyes, Can cause damage to the eyes         |
| Contact with skin | Causes severe burns (R35)                               |
| Inhalation        | No information available but must be considered harmful |

Ingestion

Harmful if swallowed (R22)

## 4. First Aid Measures

[www.rxmarine.com](http://www.rxmarine.com)

|                   |                                                                                                                                                                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Contact with skin | Remove contaminated clothing immediately and drench affected skin with plenty of water. Then wash with soap and water. Seek medical advice if necessary                                                                                          |
| Contact with eyes | If substance has got into eyes, immediately wash out with plenty of water for at least 15 minutes. Irrigate eyes thoroughly whilst lifting eyelids. Obtain immediate medical attention. Continue flushing with water until medical help arrives. |
| Ingestion         | Do not induce vomiting. Never give anything by mouth to an unconscious person. Give water or milk to drink. Obtain immediate medical attention.                                                                                                  |
| Inhalation        | Seek medical attention if ill effects occur                                                                                                                                                                                                      |
| General           | In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible) (S45) When in doubt or symptoms persist, seek medical attention                                                                       |

## 5. Fire-fighting Measures

[www.rxmarine.com](http://www.rxmarine.com)

Non combustible. Smoke from fires is corrosive. Not flammable. In case of fire use extinguishing media appropriate to surrounding conditions. Vapour density - not applicable.

## 6. Accidental Release Measures

[www.rxmarine.com](http://www.rxmarine.com)

|                           |                                                                                                                                                 |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal Precautions      | Wear protective clothing as per section 8                                                                                                       |
| Environmental Precautions | Do not allow to enter public sewers and watercourses                                                                                            |
| Clean Up Actions          | Absorb spillage in inert material and shovel up. Ventilate the area and wash spill site after material pick-up is complete Neutralise with Acid |
| Special Precautions       | Wear protective clothing as per section 8                                                                                                       |

## 7. Handling and Storage

[www.rxmarine.com](http://www.rxmarine.com)

|          |                                                                                                    |
|----------|----------------------------------------------------------------------------------------------------|
| Handling | Eyewash bottles should be available. See Section 8.                                                |
| Storage  | Keep only in the original container in a cool, well ventilated place (S3/9/49) Protect from frost. |

## 8. Exposure controls and personal protection

[www.rxmarine.com](http://www.rxmarine.com)

|                                |                                                                                                                                                                                       |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Exposure Limits                | OES / LTEL # ppm 2 mg/m3 (Sodium hydroxide).                                                                                                                                          |
| Exposure controls              | No special ventilation is required unless the product is used in a spray form.                                                                                                        |
| Occupational exposure controls | Wear suitable protective clothing, including eye/face protection and gloves (plastic or rubber are recommended) During fumigation/spraying wear suitable respiratory equipment (S42). |

Gloves

Suit.

Goggles

No\_Smoking

## 9. Physical and chemical properties

[www.rxmarine.com](http://www.rxmarine.com)

|                             |                                                                       |
|-----------------------------|-----------------------------------------------------------------------|
| Odour                       | Odourless                                                             |
| Appearance                  | Liquid, colourless to yellow, soluble in water                        |
| pH                          | 11.5 - 12.5 at 0.1 % concentration, pH 13 - 14 at 100 % concentration |
| Boiling point               | >100 °C at 760 mm /Hg                                                 |
| Vapour pressure             | not known                                                             |
| Vapour density              | not applicable                                                        |
| Freezing point              | 5 °C at 760 mm/Hg                                                     |
| Completely soluble in water |                                                                       |
| Specific gravity (water=1)  | 1.23                                                                  |
| Non combustible             |                                                                       |

## 10. Stability and reactivity

[www.rxmarine.com](http://www.rxmarine.com)

- This article is considered stable under normal conditions
- Avoid overheating, Keep away from frost
- Incompatible with acid
- See Section 5

## 11. Toxicological information

[www.rxmarine.com](http://www.rxmarine.com)

|                           |                                 |
|---------------------------|---------------------------------|
| Toxicological information | No experimental data available. |
|---------------------------|---------------------------------|

|                   |                                                                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Inhalation        | Can cause damage to the respiratory system.                                                                                                       |
| Contact with skin | Causes burns (R35).                                                                                                                               |
| Contact with eyes | Causes burns (R35).                                                                                                                               |
| Ingestion         | The ingestion of significant quantities may cause burning sensation.The ingestion of significant quantities may cause damage to digestive system. |
| Carcinogenicity   | No evidence of carcinogenic effects.                                                                                                              |

## 12. Ecological information

[www.rxmarine.com](http://www.rxmarine.com)

|                                  |                                                                                                                                                                                                                                                         |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ecotoxicity                      | "In general, this cleaning agent main ingredients will either dissolve rapidly and dissociate in water or are readily/inherently biodegradable." and Pollution Hazards approved this product for use as tank / hold cleaning agent by chemical tankers. |
| Mobility                         | Completely soluble in water                                                                                                                                                                                                                             |
| Persistence and Biodegradability | Its main ingredients will either dissolve rapidly and dissociate in water or are readily / inherently biodegradable.                                                                                                                                    |
| Bioaccumulation Potential        | Bioaccumulation of the components in this product is insignificant.                                                                                                                                                                                     |
| Other Adverse Effects            | No environmental problems are expected when the product is used / handled correctly.                                                                                                                                                                    |

## 13. Disposal considerations

[www.rxmarine.com](http://www.rxmarine.com)

|                         |                                                                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Classification          | Pollution Hazards approved this product for use as tank / hold cleaning agent by chemical tankers.                                                                                  |
| Disposal considerations | "In general, this cleaning agent compatible to the environment, its main ingredients will either dissolve rapidly and dissociate in water or are readily/inherently biodegradable." |

## 14. Transport information

## 16. Other information

[www.rxmarine.com](http://www.rxmarine.com)

(R35: Causes severe burns. R41: Risk of serious damage to eyes.) The information provided about the product on this Safety Data Sheet has been compiled from knowledge of the individual constituents. The data given here is based on current knowledge and experience. This Safety Data Sheet describes the product in terms of safety requirements and does not signify any warranty with regard to the product's properties. The data given here only applies when product used for proper application(s). The product is not sold as suitable for other applications - usage in such may cause risks not mentioned in this sheet. Do not use for other application(s) without seeking advice from manufacturer.

DISCLAIMER OF LIABILITY :The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
